## SPECIALISATIONS

### EDUCATIONAL PSYCHOLOGY

- Advanced Educational Psychology
- Applied Cognitive Psychology
- Psychological Assessment and Psychometric

This specialisation equips you with the knowledge and skills to explore and apply cognitive psychology principles in everyday life and become proficient in psychological assessment and testing.

A Master's Degree in this line helps you gain proficiency in developing efficient classroom management techniques, critically evaluate research and develop a thorough understanding of educational psychology and its practical implications.

### EARLY CHILDHOOD CARE AND EDUCATION

- Early Childhood Policies and Practices
- Curriculum & Instruction in Early Childhood Care & Education
- Leadership & Management in Early Childhood Care & Education Settings

Early Childhood Care and Education helps you to explore and analyse important issues affecting a child's lifelong learning.

With this specialisation, you can impact the direction of education and provide young people with the tools they need to become leaders and educators of the future.

### INCLUSIVE AND SPECIAL EDUCATION

- Collaboration & Consultation in Inclusive & Special Education
- Current Issues and Trends in Inclusive & Special Education
- Assistive Technology in Inclusive and Special Education

This specialisation equips you with the skills to become an expert in inclusive education and special education practices.

This content prepares educators to provide specific support in education of all types and become aspiring inclusive education consultants, special education researchers, and assistive technology specialists.

### TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES (TESOL)

- Applied Linguistics & Second Language Acquisition
- English Language Testing and Assessment
- Approaches to English Language Teaching & Learning

This programme helps you to develop the ability to create innovative teaching and learning tasks, cater to learners of diverse proficiency levels, and effectively assess language skills.

Enrolling in this specialisation also equips you with gaining a comprehensive understanding of applied linguistics, second language acquisition, and their pedagogical implications in teaching and learning English.

### DIGITAL LEARNING TECHNOLOGIES AND INNOVATION

- Learning Technologies
- Current Issues & Debates in Learning Technologies & Innovation
- Evaluating Learning Technologies and Innovations

This specialisation explores implementing learning technologies effectively, designing engaging lessons, and leveraging technology for more impactful learning experiences.

This programme helps you to engage professionally with stakeholders, assess the impact of technology within institutions, and design comprehensive evaluation plans for future innovations.

### EDUCATIONAL MANAGEMENT, LEADERSHIP AND ENTREPRENEURSHIP

- Education Leadership
- Contemporary Challenges in Educational Leadership
- Strategic Leadership in Education

The Educational Management, Leadership and Entrepreneurship specialisation helps you to develop the skills and knowledge to thrive as a leader in educational organisations.

The programme allows you to engage in critical analysis of leadership frameworks, participate in debates on effective leadership styles, and discover strategies to drive innovation.

### CURRICULUM AND INSTRUCTION DESIGN FOR SUSTAINABLE DEVELOPMENT

- Contemporary Issues in Curriculum
- Curriculum Designing
- Curriculum Implementation and Evaluation

The purpose of this programme is to develop critical analysis skills necessary to propose solutions for pressing challenges in curriculum and instructional design.

This programme allows you to pursue your passion as a Curriculum Specialist, Instructional Designer, or Assessment Specialist, and empowers you to actively contribute to sustainable development in education.
