BRINGING 'GOLD STANDARD' LAW PROGRAMMES TO YOU

QS STARS

The QS Stars™ rating system has been operated by the QS Intelligence Unit, the independent compiler of the QS World University Rankings® since 2004. The system evaluates universities across various important performance indicators as set against pre-established international standards. By covering a broader range of criteria than any world ranking exercise, QS Stars™ shines a light on both the excellence and the diversity of the rated institution.

DARD'

As a commonwealth country, Malaysia adopts the common law system as practised in the United Kingdom. As such, SEGi collaborates with the University of London (UK) to offer the Bachelor of Laws (LLB) programme, as well as offering the SEGi homegrown Diploma in Law.

In a world where degree providers are rapidly increasing, the University of London LLB offers the security of an internationally recognised 'gold standard' established for over 100 years. The University of London was the first to offer a degree in English Law in the 1890s. Upon graduation students will join a distinguished group of solicitors, barristers and judges around the world who began their careers by obtaining their law degree through the University of London International Programmes.

The Law programmes available at SEGi are ideal for students who wish to obtain a qualification of international standing en route to a successful career as a practising lawyer. The programmes aim to promote independent learning, develop key intellectual transferable skills, enhance critical awareness, and strengthen the students understanding in the language of law.

Work experience, MOOCs and other training certifications may earn you credit transfers of up to 30%. All credit transfers are subject to approval by the Senate or Academic Board.
