UNIVERSITY IN THE WORLD

JOINING THE WORLD'S BEST – DEBUTING @ #731-740

You're not just choosing a university — you're stepping into the global spotlight. SEGi University is now officially ranked among the world's best, placing in the 731-740 band in the QS World University Rankings 2026.

This is your chance to learn, grow, and thrive at a university recognised for world-class teaching, real-world impact, and future-ready graduates. Welcome to a community that's not just part of the conversation — we're leading it.

The **Quacquarelli Symonds (QS) World University Rankings** are among the most trusted global benchmarks for university excellence.

There are an estimated 50,000 universities in the world. Of these, QS evaluates over 8,467 institutions worldwide based on academic reputation, employer reputation, faculty-to-student ratio, research impact, and international diversity.

Being ranked means a university has proven its quality, impact, and global relevance — and by joining SEGi, you become part of the world's best.

RATE

Being part of a world-ranked university isn't just about prestige — it's about recognition, opportunity and your future.

When you study at SEGi, you're joining a university that the world now recognises for academic excellence, impactful research, and graduate success.

At SEGi, your journey isn't just local — it's global. And this ranking is just the beginning of where your degree can take you.

A GLOBALLY RESPECTED DEGREE

Your qualification carries international weight. A SEGi degree gives you a competitive edge when applying for jobs, scholarships, or further studies abroad.

STRONGER EMPLOYER CONFIDENCE

Employers recognise the QS brand and value graduates from ranked universities. A SEGi degree signals that you're trained to global standards.

ACCESS TO GLOBAL NETWORKS

Join SEGi's international academic and industry community — with opportunities to collaborate, intern, and work around the world.

QUALITY THAT'S PROVEN

From personalised learning and industry-integrated projects to global research and diverse classrooms — you're learning from, and being mentored by, the best.

PRIORITY ACCESS TO INTERNATIONAL PATHWAYS

QS-ranked universities are preferred partners for credit transfers, postgraduate admissions, and student exchange. SEGi offers a smoother route to global education.

HIGHER VALUE IN THE JOB MARKET

A degree from a globally ranked university helps you stand out in competitive job markets — locally and internationally.

LEARNING WITH THE WORLD

You'll study alongside students and academics from across the globe — building cultural intelligence and real-world collaboration skills.

LEARN UNDER THE BIGGEST & BRIGHTEST FROM THE INDUSTRY

To excel in your career from day one, you need cross-disciplinary skills, industry insights, and technical know-how. These are often not adequately provided by traditional education methods like written assignments, industry visits, or internships.

Our programmes integrate industry expertise directly into the classroom experience. Co-designed, co-delivered, and co-assessed by industry professionals, our programmes offer hands-on learning opportunities with over 300 partner brands. The aim is to ensure you have real-world experience and secure job or business opportunities before graduation.

WHY STUDY PSYCHOLOGY WITH SEGi?

Psychology at Greenwich is ranked World Top 201-250. (2023, Times Higher Education Rankings - Psychology Rankings)

Psychology at Greenwich is ranked 38th for Graduate Prospects and 55th for Research Quality in the UK. (2024, Complete University Guide)

Taught by research-active staff who are experts in their fields.

Our programme is deeply rooted in industry engagement, providing you with hands-on experiences that bridge the gap between theory and practice. Collaborate with leading professionals, work on real-world projects, and gain insights into various sectors where psychology plays a pivotal role.

Supports learning with lectures and seminars. Seminars enable students to discuss and develop their understanding of topics covered in lectures in smaller groups. Some modules are conducted through combined seminars with UK students. This promotes students' understanding of psychology in a local and international context.

A British Psychological Society accredited curriculum that will help prepare students for a variety of career pathways. The British Psychological Society is a registered charity that acts as the representative body for psychology and psychologists in the UK, and is responsible for the promotion of excellence and ethical practice in the science, education, and application of the discipline.

QUALITY EDUCATION WITHIN REACH

PROGRAMMES THAT SUITS YOUR NEEDS

Mode of Study	Full time	Programme is offered in full time mode
	Weekend	The weekend programme is also designed to suit adult learners to complete within the shortest timeframe possible
	ODL	Open and Distance Learning (ODL) mode is a fully-online learning mode suited to students who wishes to study off-campus
	WBL	Work-Based Learning (WBL) is an innovative mode of delivery where SEGi partners with a renowned brand to deliver the programme. Students get the best of both worlds in their studies – theoretical know-how from SEGi and practical learning from the industry
Micro-credentials	MC	Micro-credentials are designed for students who wish to ‘ala carte’ their education. Subjects are offered on a singular basis and are stackable over time to convert into a full-fledged qualification
APEL	APEL A/M/C	Developed by the Malaysian Qualifications Agency (MQA), the Accreditation of Prior Experiential Learning (APEL) programme enables students to access multiple pathways into a recognised programme
	APEL Q	The APEL.Q programme enables students to convert work experience into a recognised qualification without going through the conventional teaching and learning of a programme
Mobility	Mobility	Students are eligible to study in another SEGi campus for 1 semester without additional cost to their tuition fee
	Global Mobility	Students are eligible to transfer to our partnering universities for mobility programmes
Funding	PTPTN Assistance	A dedicated PTPTN Assistance office to help students secure PTPTN fundings
	EPF-Claimable	Students/guardians can withdraw from the EPF to fund their/their children’s studies
	PTPTNX'tra	PTPTNX'tra helps cover the remaining shortfall that is not covered by PTPTN. Students can effectively pay nothing until they graduate and enjoy an education loan with a minimal interest rate of 1%
	EduFlex	Designed for Adult Learners, students can leverage on our education loan with a minimal 4% interest
	0% Installment	We offer a 0% interest monthly instalment plan, so that you don't have to break the bank.
	HRDC-Claimable	All our programmes are claimable under HRD Corp

Please refer to specific programme details

STUDY ROUTE

Credit Transfer

Your previous studies and qualifications may earn you credits towards your diploma or degree. The award of credits is given on the basis of subject mapping and grades achieved. The maximum transferable credits you may earn for a previous academic qualification could be 50% of the total credits for the Bachelor’s degree. Work experience, MOOCs and other training qualifications may earn you credit transfers of up to 30%. All credit transfers are subject to approval by the Senate or Academic Board.

^{MC} Micro-credential

We break it down to build you up. SEGi’s Micro-credentials are unbundled from accredited qualifications, offering the modern learners a tempting, tantalising buffet-style learning model. While traditional diplomas or degrees are well-structured and solid, SEGi’s Micro-credentials offer learners the choice of ultimate flexibility and customisation, empowering learners to select only what they want to consume, experience and learn. Through our innovative curriculum framework, these unbundled courses delivered through micro-credentials can then be easily rebundled into accredited and recognised qualifications.

BRANCHES OF PSYCHOLOGY

Developmental / Child Psychology

Developmental Psychology is the study of human growth (physical, mental, emotional, etc.) from young to old. In addition, this subject will teach about special-needs individuals such as those with autism and attention-deficit hyperactivity disorder (ADHD) so that students will understand the differences between healthy individuals and special-needs individuals. Job opportunities: special-needs educators, social workers. Relevant fields for post-graduate studies: Child Psychology, Developmental Psychology, Applied Behaviour Analysis.

Abnormal Psychology

Abnormal Psychology is the study of unusual behaviours and focuses on mental illnesses such as depression and post-traumatic stress disorder (PTSD). At the degree level, students will understand the fundamentals of different types of mental illnesses. To practise as clinical psychologists, a Master's Degree in Clinical Psychology is required.

Clinical Psychology

Clinical psychology is a branch of psychology concerned with the assessment and treatment of mental illness, abnormal behaviour, and psychiatric problems. This field integrates the science of psychology with the treatment of complex human problems, making it an exciting career choice for people who are looking to work in a challenging and rewarding field.

Industrial / Organisational Psychology

Industrial / Organisational psychology is a branch of psychology that applies psychological theories, methods and research into understanding and improving workers, workplaces, and an organisation's productivity and well-being. Other similar terms are occupational psychology, work psychology, work and organisational psychology, managerial psychology, management psychology, personnel psychology, consumer psychology, engineering psychology, business psychology, human resource management, and organisational behaviour.

Forensic Psychology

Forensic psychology explains different types of criminal behaviour from various psychological perspectives, the role of forensic psychology practitioners and criminal justice institutions in the rehabilitation and punishment of offenders, and how these processes may vary for certain categories of offender. Job opportunities: Forensic Psychology students need at least a Master's or a PhD to work as a forensic psychologists or researchers.

Relevant fields for post-graduate studies: Criminal Psychology, Forensic Psychology, Law.

Cognitive Psychology

Cognitive Psychology is the study of how the human mind works. Topics such as attention, perception, memory and problem-solving, are covered. Job opportunities: To practise as neurofeedback* therapists, students need at least a Master's or a PhD to work in cognitive psychology.

Relevant fields for post-graduate studies: Cognitive Psychology, Neuroscience, Cognitive Behaviour Therapy.

*During a neurofeedback session, the therapist uses EEG to record brainwaves and makes suggestions to change a particular behaviour based on the results of the machine.

Counselling Psychology

Counselling psychology is a branch of psychology that applies psychological theories, methods and research in working collaboratively with clients across a diverse range of human problems such as vocational selection, school problems, drug abuse, and marital conflict. In contrast to clinical psychologists, counselling psychologists often work with clients who are experiencing less severe symptoms. Other related terms are guidance and counselling.

Educational Psychology

Educational psychology is a branch of psychology that applies psychological theories, methods and research in understanding and improving how humans learn in educational settings, the effectiveness of educational interventions, the psychology of teaching, and the social psychology of schools as organisations. Another related term is school psychology.

Neuropsychology

Neuropsychology is a branch of psychology that applies psychological theories, methods and research in the assessment and treatment of behaviour directly related to brain function. Other related terms are neuroscience and cognitive neuropsychology, and clinical neuropsychology.

MASTER OF SOCIAL SCIENCE IN PSYCHOLOGY

KD (N/0313/7/0016)(07/29)(MQA/PA 17449)

The Master of Social Science (M.Soc.Sc.) in Psychology programme offers a comprehensive and modern curriculum, equipping students with advanced skills and knowledge.

The course places strong emphasis on Research Methodology and Statistics, ensuring proficiency in data analysis and interpretation. Cutting-edge courses in advanced and emerging areas such as Digital Technologies in Psychology and Psychology of Entrepreneurship & Innovation prepare students for the future of the field. Ethical considerations are addressed through dedicated coursework in Ethics in Psychology. Students explore Advanced Cognitive Psychology and Personality Development and Assessment. Unique modules like Psychology of Life Coaching and Mentoring equip students for diverse career paths. The programme also includes Social and Cultural Psychology, enhancing understanding of psychological principles in diverse contexts.

It culminates in a comprehensive research project, providing practical experience and enhancing research skills. APEL A entry recognises students’ prior work and life experiences for admission, and the curriculum incorporates industry experience, offering practical knowledge and real-world insights through internships and collaborations with leading organisations.

Programme Modules

- Psychometric and Psychological Assessment
- Digital Technologies in Psychology
- Ethics in Psychology
- Advanced Cognitive Psychology
- Personality Development and Assessment
- Research Methodology
- Research Statistics
- Psychology research project

Electives (choose 1)
