**Y.A.M. Tan Sri Dato' Seri Syed  
Anwar Jamalullail Ibni Almarhum  
Tuanku Syed Putra Jamalullail**

As the Chancellor of SEGi University, I am pleased to welcome you to this graduation ceremony.

From all of us at SEGi, we are proud to witness all the dedication and hard work you have put in has started to yield its dividend. I also believe this will be one of the many achievements you will make throughout your life.

However, it is also important to take a step back to reflect on your achievements thus far and to recognise that we would not be where we are today without the people around us, such as our family, friends, mentors, lecturers and more.

On this momentous occasion, I would also like to share with you two pieces of advice that will be very useful as you embark on the next chapter of your journey.

**Practice Gratitude** – One important lesson I have learnt throughout my life is always to be grateful for everything we have in our lives – including the good and the not-so-good. With gratitude comes mindfulness, and mindfulness increases your awareness of opportunities. Gratitude also helps us to gain a whole new perspective on how career disappointments, and even failures, have ultimately brought us greater wisdom and more opportunities.

**Make An Impact** - Small gestures can have a big impact; never underestimate the difference you make in every life you touch. The impact you make today has a powerful rippling effect on every tomorrow because everything you do has some effect, some impact.

Please remember that you will always be a part of the SEGi family. You will be joining our international alumni, whose members have gone out and achieved great things. We are confident that your education here will serve you well. May your years ahead be richly rewarding and fulfilling, and may you enjoy much happiness.

Therefore, never be afraid to aim and dream high. So go out to the world and make a difference, and do not underestimate what one person can do to change the world.

As you leave our campus today, please understand that you will always be a part of the SEGi family. You will be joining international alumni with more than 1000 members, and our alumni have gone out and achieved great things. Start small and grow big later. We love to hear from you, so don't hesitate to contact our Alumni Office.

We are confident that your education here will serve you well. May your years ahead be richly rewarding and fulfilling, and may you enjoy much happiness. Congratulations once again, and good luck.

# 24<sup>TH</sup> GRADUATION CEREMONY

# FOREWORD BY THE VICE CHANCELLOR, SEGi UNIVERSITY

**Prof. Azrin E. Ariffin**

Dear Graduates,

The starting point of your academic journey allowed you to get a feel of campus life and gave you the opportunity to create moments to treasure. You have since waited for the day when you can walk up the stage to be conferred a qualification as a graduate of SEGi University. We had a graduation ceremony in March 2022 with 11 sessions conducted over 5 days. This was planned under strict compliance and we managed to conduct for graduates who were supposed to attend ceremonies planned in 2020/2021.

And that was when we were hit by this global pandemic. We had to grapple with the impacts of the pandemic on our lives and our families. While some waited long to attend their graduation ceremony, some had to adapt to technology to complete their studies.

You faced it! You made it! You are bold! Bold to face what is ahead of you in the next phase of your life be it in your career, further studies or social networking. You will enjoy the greatest ever scale of freedom in the next sojourn of your life.

From now on you will have many academic and life decisions to make. The roads ahead might be a little different for you from those of your peers – leaving university means parting from the community in which you have spent your academic time and, this could involve starting a new life in a different environment.

Never give up on what you embark on and always strive for success.

Congratulations to all of you.

# FOREWORD BY THE PRINCIPAL, SEGi COLLEGE KOTA DAMANSARA

Ida Chin Meng Li

Congratulations, SEGi University & College graduates. We are very proud of you.

Today is a fantastic day; you are here with your family, friends, faculty, staff, and special guests to celebrate your major accomplishment.

SEGi has an excellent track record being one of the top 20 universities in the world, having the QS 5 Star Plus status, and in Malaysia, only 2 reputable institutions achieved this. Despite such achievements, SEGi has never slowed down in bringing together new talents to inject fresh ideas and innovations into our academic offerings to benefit our students.

In the next chapter of your journey, may it be entrepreneurship, or employment, as part of life, you may face adversities from time to time. However, the good news is that we at SEGi has helped prepare you to give you the skill set and knowledge required in order to provide you with a head start in that journey. There are many things to be discovered, tried and tested in the real world. Our advice is to keep in mind the three pillars of SEGi: digitalisation, diversification and globalisation.

**1. Digitalisation** – The world evolves more rapidly than ever before, this is largely due to digitalisation. Over the years, many companies' businesses and industries have been disrupted due to their failure to acknowledge the need to transform quickly. In early 2000, Netflix founders offered to sell the company to Blockbuster, a video rental chain, for US\$50 million. But, Blockbuster rejected the deal. Eventually, Blockbuster went bankrupt, and Netflix is now worth US\$134 billion.

Therefore, we must constantly be in touch with the latest innovation and technologies to stay ahead. This is a continuous journey of learning and discovery, as new technology will come into play every now and then. While some may see this journey as tiresome, I believe that it is a journey that brings a lot of excitement.

**2. Diversification** – One can't just have the knowledge to do a single job in today's world. You must have multi-intelligence cross-disciplinary skills. But do not just focus on developing or improving your hard skills, such as your economics, accounting knowledge, or computer programming skills, you also need to develop on your soft skills like communication, negotiation, teamwork, time management and many more.

While there are a lot of soft skills one must pick up, I believe that improving on communication skills should be your top priority – as having a strong communication skill can complement other soft skills such as leadership, negotiation, and ability to work in a team.

**3. Globalisation** – Thanks to the advancement in technology, the world we live in today is now a truly globalised world. This means: the world is now at your fingertips – the things you want to buy, the dream job, the business opportunities you are looking for could be just within reach in just a few clicks of an e-commerce site or in an online job recruitment site, or even an email.

Today is truly about you. It is about celebrating your achievements and the beginning of your journey's next chapter. Congratulations. May all of you continue to thrive in the years ahead.

# THE MACE

In medieval times, the Mace was a weapon employed to safeguard a person of great importance. Now, it is often used in convocation ceremonies to signify the dignity and authority of the Chancellor.

The Mace is 42 inches in total length. It has a 29-inch nyatoh wood Shaft with a metallic band at its midpoint. The Shaft has a smaller 1.25-inch diameter on the lower end and a larger 1.50-inch upper diameter. It symbolises SEGi's aspiration to grow in knowledge and in strength.

The four gold plated rings above the Shaft denote SEGi's core values: Quality, Passion, Vibrant and Caring. This is followed by the inscribed word 'SEGi' sitting above the four rings.

The six palm leaves in 24-carat gold plating inscribed in the Bowl represent the six SEGi campuses. Each leaf has veins that denote the diversity of programmes offered. Above this bowl are sets of three rings representing SEGi's vision, mission, and goals.

The brass and nickel-plated, diamond-shaped Body with the SEGi logo signifies the highly competent graduates produced by SEGi. At the head of the diamond-shaped Body is a pewter and gold plated Crest, a Crescent and a 14-pointed Federal Star in 24-carat gold plating.

The whole ensemble at the top of the Mace represents the heraldic practices embodied in the SEGi convocation. It is also symbolic of SEGi upholding the supremacy of the Malaysian constitution.

# DEDICATED TO ALL PARENTS

## You Raise Me Up

When I am down and, oh, my soul, so weary;  
When troubles come and my heart burdened be;  
Then I am still and wait here in the silence,  
Until you come and sit awhile with me.

You raise me up, so I can stand on mountains;  
You raise me up to walk on stormy seas;  
I am strong when I am on your shoulders;  
You raise me up to more than I can be.

You raise me up, so I can stand on mountains;  
You raise me up to walk on stormy seas;  
I am strong when I am on your shoulders;  
You raise me up to more than I can be.

There is no life - no life without its hunger;  
Each restless heart beats so imperfectly;  
But when you come and I am filled with wonder,  
Sometimes, I think I glimpse eternity.

You raise me up, so I can stand on mountains;  
You raise me up to walk on stormy seas;  
I am strong when I am on your shoulders;  
You raise me up to more than I can be.

You raise me up, so I can stand on mountains;  
You raise me up to walk on stormy seas;  
I am strong when I am on your shoulders;  
You raise me up to more than I can be.  
You raise me up to more than I can be.
