“Building relationships and maintaining a good reputation by communicating appropriately with others is the main key of success. My journey as a student in SEGi has shaped me to be a better person with sufficient knowledge in order to be competent in meeting new and challenging benchmarks.”

Ereena Rosli
Bachelor of Mass Communication (Honours)

“I have always had the passion for the media industry, and SEGi offers the perfect programme which suits my interest. I got to build a solid theoretical foundation along with the working knowledge of the communications industry from well-established and experienced lecturers.”

Noon Mohammed Imad
Bachelor of Mass Communication (Honours)

“There’s always a balance of what you learn in each semester in English and Public Relations course as the subjects tend to complement each other. Regardless of whether you lean toward English or Public Relations, each subject will offer useful knowledge. The people I have met are vibrant and fun to be around with. I’ve also been involved with many events and it helps to prepare me for the real world.”

Jazlin Zakri
Bachelor of Arts (Honours) English and Public Relations

“My three years in the Multimedia Design program at SEGi were among the best years of my life. I would describe SEGi University as exciting and dynamic. The best thing about being a student here is the lectures and tutorials that are interesting and academically stimulating, that applied to real-world case studies which is extremely useful. The very international nature of students on the course has also been a major plus both in terms of making new friends from different countries and cultures to actually helping understanding modules.”

Pouria Jafarpisheh
Bachelor of Arts (Honours) Multimedia Design

“I’m Darshwini Ravindran, Johor born and raised illustrator who works mainly with ink, fine-liners and markers to illustrate my “art” world. I consider my art as a personal hobby which became my part-time freelance work after being recognized by various design blogs and online art communities. In 2016, I left my opportunity to pursue optometry as a full time career to finally pursue my passion in designing: creating more art for personal projects and for clients while collaborating with other artists around the world. To those who wishes to study at SEGi, I would say it’s a good choice and you’ll be accompanied by friendly lecturers and the environment itself its very encouraging.”

Darshwini Ravindran
Bachelor of Arts (Honours) Multimedia Design
“I would like to say that SEGi University is one of the platform that can boost my skills, creativity and knowledge in my studies. The best thing is the interaction within the students and the lecturers around to arouse my passion in the design field. I have the opportunity to express my creativity in my artworks with great brainstorming sessions”
