TODAY'S GRADUATES, TOMORROW'S EDUCATORS

"Early Childhood development is the foundation for sustainable development. Giving every child, no matter where they live, the best start in life is the best way to ensure healthy and prosperous individuals, communities and countries." (ARNEC, 2016)

Quality education is one of the Sustainable Development Goals (SGDS) adopted by the United Nations to ensure inclusive and equitable education and promote life-long learning opportunities for all.

SEGi is the trusted provider of ECCE programmes, producing thousands of highly qualified ECCE educators and practitioners since 1998. We were appointed champion for ECCE training by Pemandu in 2010 for the National Key Economic Area (NKEA) Entry Point Project (EPP) 2.

Our students are exposed to a myriad of key issues that are relevant to the future planning of ECCE in the country. Therefore, they are high in demand locally and abroad, including Singapore. Our strong link with more than 100 local and international ECCE agencies provides students and graduates easy access to internship and employment opportunities.

Apart from ECCE, we also offer other specialisation fields that are linked to the teaching profession, such as TESL, Special Needs Education and Counselling. Students also have the opportunity to further their studies in this field at the graduate level.
