INTRODUCTION TO SEGi UNIVERSITY

SEGi was established in 1977 as Systematic College in the heart of Kuala Lumpur offering professional qualifications. Since its founding over four decades ago, SEGi has undergone significant growth, strengthening the quality of its wide range of programmes from foundation to doctorate level.

It is one of the most established private higher education institutions in Malaysia with its flagship campus located in Kota Damansara and four other campuses in Subang Jaya, Kuala Lumpur, Penang, and Kuching. Currently, SEGi has a population of 20,000 local and international students across its campuses.

SEGi is recognised as "The first Malaysian University that earned 5 Stars for Prioritising Society's Needs in Malaysia" by QS Stars, an international evaluation system for universities based on auditing.

DEVELOPING HEALING HANDS & CARING HEARTS

SEGi University strives to produce doctors who are lifelong learners, keeping abreast with technological advances in medicine, to ensure the community receives prompt, accurate, and effective care. This is made possible through the diverse teaching and learning experiences that are student and patient-centred, thus promoting holistic care and emphasising professional and ethical values.

The Bachelor of Medicine and Bachelor of Surgery (MBBS) programme is developed especially for students who believe in making a difference in the lives of others through the delivery of better health care. This medical programme prepares aspiring doctors for a challenging career ahead that covers the parameters of promotion, prevention, therapeutic, and rehabilitative medicine.

FOREWORD: MESSAGE FROM THE DEAN

The MBBS programme offered by SEGi University is unique. Built upon the integrated nature of patients' presentations to health care facilities, it offers a patient - as well as student-centered learning experience. Our main objective is to bring up "The Best in You, Made Possible" via our innovative integrated curriculum where we focus on educating our students in a patient-centered, science-driven, team-based, and high-value health care environment.

The Faculty of Medicine provides diverse learning opportunities in a variety of clinical settings across the country. This provides them with an environment that is conducive to develop their leadership skills and prepare them to become the doctors of tomorrow.

Professor Dr Samiah Yasmin Abdul Kadir

BACHELOR OF MEDICINE, BACHELOR OF SURGERY (M.B.,B.S.)

SEGi UNIVERSITY

There are two phases in the curriculum; the Medical Sciences Phase (Phase 1) which is the first two years of study, and the Clinical Phase (Phase 2) which is carried out in three subsequent years of study. Each phase is strategised to have four blocks and the modules/postings are repackaged and rearranged as follows.

The Medical Sciences Phase also known as pre-clinical phase consists of four blocks which are block 1 (Foundation in Medical Sciences), block 2 (Introduction to Behavioural Science, Clinical, and Community Medicine), block 3 (System-Based Medical Sciences I), and block 4 (System-Based Medical Sciences II).

The Clinical phase also comprises 4 blocks which spans over 3 years. These blocks are designated as block 5 (Junior Clerkship), block 6 (Specialty Clerkship I), block 7 (Specialty Clerkship II), and block 8 (Senior clerkship). For contents of each block, please refer to the modules below. Throughout the 5 years of study, subjects on soft skills development are also incorporated such as communication skills, behavioural science, team building, critical thinking, problem solving, leadership, and management.

Career Opportunities

If you wish to practise as a medical doctor in Malaysia, upon graduation, you are required to complete the housemanship programme in public hospitals organised by the Ministry of Health, Malaysia. After completion of the housemanship, you may undertake postgraduate specialist degree programmes in all areas of medicine according to your preferred choice of career paths which will become apparent as you progress through the five-year MBBS programme.

STUDENT TESTIMONIALS

"I chose SEGi University because I was drawn to how well the curriculum structure was organised, as well as its strong general academic reputation and reasonable tuition fees. Apart from that, I was convinced by the Dean, as she had personally explained her future plans of expanding the Medical school."

Izreen Mohd Imran
MBBS

"I chose SEGi University for my higher studies because I like the approach this university has for the MBBS programme which encompasses two phases. Other than that, the facilities provided here for MBBS are second to none. SEGi University has some of the best academics and ever supportive lecturers."

Susila A/P Ram Navas
MBBS

"SEGi University offers a multitude of programmes to motivated individuals. It is a great place to study and to establish like-minded peers. The lecturers here keep us motivated so that we achieve our goals and aspirations."

Dassanayake Mudiyansele
MBBS

"I find that the curriculum and the teaching activities at SEGi University suit me very well. Particularly team-based learning activities such as Student-Centred Collaborative Learning (SCCL) and Problem-based Learning (PBL), allow me to learn from my peers. It's always fun to learn together!"

Siew Choo Hwee
MBBS

"Besides studying the facts of medicine, we also learn different skills which are useful after we have graduated. I feel closer to home when I found out that there are so many international students here. Interacting with students from my home country and others made me feel accepted."

Salam Alhilal
MBBS
