INTRODUCTION TO SEGi UNIVERSITY

SEGi was established in 1977 as Systematic College in the heart of Kuala Lumpur offering professional qualifications. Since its founding four decades ago, SEGi has undergone significant growth, strengthening the quality of its wide range of programmes from foundation to doctorate level.

It is one of the most established private higher education institutions in Malaysia with its flagship campus located in Kota Damansara and four other campuses are in Subang Jaya, Kuala Lumpur, Penang, and Kuching. Currently, SEGi has a population of 20,000 local and international students across its campuses.

SEGi is recognised as "The first Malaysian University that earned 5 Stars for Prioritizing Society's Needs in Malaysia" by QS Stars, an international evaluation system for universities based on auditing.

WHERE PASSION MEETS COMPASSION

Pharmacy is the science concerning the discovery and development of therapeutic substances into medicines for use in disease treatment and prevention. Pharmacists apply their unique knowledge on the use of medicines and pharmacy skills to provide effective patient care in order to achieve optimum treatment outcomes.

Pharmacists compound and dispense medicines, and provide health advice to the community and manage diseases and medicines. They also hold key responsibilities in the pharmaceutical industry where they are involved in drug discovery and development, production and quality control of medicines.

Due to the rapid growth of the health care system, the increasing elderly population and the booming pharmaceutical industry, there is an unprecedented demand for pharmacists today in various career settings.

“SEGi’s Pharmacy programme aims to integrate scientific, clinical, and professional knowledge with soft skills, providing graduates with competency and skills to contribute effectively within the health care system. Students gain hands-on experience in different pharmacy settings throughout the 4 years, with built-in experiential placements in community and hospital pharmacy, as well as pharmaceutical industry.”

WE PRIORITISE YOUR NEEDS

SEGi CONNECT!

(Located at 1st and 2nd Floor)

We make your exciting experience of stepping into the next chapter of your life as smooth and memorable as possible! From the moment you come in to SEGi for your registration, we will be there to guide you on the whole process. We are with you even before you enter class, and we continue to be with you throughout your studies. We, your first SEGi friends, will be in contact continually throughout your studies, until we know you will be fine on your own in our campus.

ACADEMIC LEARNING SUPPORT

(Located At 2nd Floor)

Our Academic Skills Unit (ASU) was established to provide learning support and academic enhancement services for students, as part of their post-classroom learning experience. Our services include:

- assignment-writing
- thesis-construction
- language proficiency
- research brain-storming studying skills

EMPLOYMENT READINESS PROGRAMME

(By Student Affairs Department)

We provide Pre-Internship and Pre-employment Workshops to instil Employment Values as You Venture From Academic to Work Life.

Our in-house "soft skills" training will prepare you for internship placement and employment upon graduation.

During Your Studies

Before You Graduate

GLOBAL INDUSTRY EXPOSURE

(Your Faculty)

- We enrich your learning experience by exposing you to local and global industry practices.
- We strategically network with industry leaders to foster long-term, multi-dimensional relationships.
- We apply academic expertise to generate socially relevant and high impact research activities with industry and community stakeholders.

STRONG GLOBAL INDUSTRY LINKAGES

(Career Office at 2nd Floor)

- With the opportunity to join more than 1000 companies worldwide
- Career Fair within campus just for you.

MENTOR MENTEE SYSTEM

(Your Lecturers)

The learning culture in higher education is very different whereby intellectual discussions happen between lecturers and students rather than the conventional spoon-feeding of information. Students are guided to be independent in their learning at SEGi University. The Mentor-Mentee programme at SEGi University is to help students fit into this new culture as well as help those who may need more guidance academically.

SEGi ENRICHMENT PROGRAMME

(Every Wednesday Afternoon)

SEGi ENRICHMENT PROGRAMME addresses the major reasons for unemployment by providing opportunities for students to hone their soft skills through more than 100 structured and specially designed Seminars, Workshops, Conferences, Symposiums and training sessions that make our students industry-ready! These are developed based on industry and professional bodies' feedback on the requirements of a fresh graduate.

A HIGHLY INTEGRATED CURRICULUM

Our curriculum is designed and taught in an integrated manner throughout the duration of the programme to provide students with the scientific knowledge and skills in achieving competencies in the different discipline of pharmacy.

ARRANGED PLACEMENTS FOR WORK-BASED TRAINING

Arranged visits/placements by the Faculty to hospital, community, and industrial pharmacy to prepare students for work-based training.

FULLY EQUIPPED LABORATORIES

The laboratories used for the teaching of pharmaceutical chemistry, pharmaceuticals, biology/microbiology are well-equipped with modern instruments. Clinical skills laboratory, mock pharmacy and aseptic suite are also available for teaching purposes to allow students to practise under simulated environment.

ACTIVE LEARNING SIMULATED ENVIRONMENT

Progressive development of skills and competencies using simulations (with simulated patients) and supervised practice from year 1 to 4.

STUDENT TESTIMONIALS

"Throughout the years that I've spent here, with each semester that starts, I'm always excited and filled with positive anticipation and eagerness to learn more and more. This faculty has been with us since the first day, guiding us and teaching us all the things which are necessary to prepare us to face our future. I really respect and appreciate all the hard work that each member of this faculty and every staff has put in to help us be better prepared for whatever it is that we might face. I sincerely feel privileged and honored to be a part of this big family and I thank our faculty for all the care and guidance that they have provided in every step of the way."

Erfan Khan Bin Yusuf Khan
Bachelor of Pharmacy (Hons)

"SEGi University is the right choice to study pharmacy course, as the lecturers in the Faculty of Pharmacy are dedicated and passionate in training us toward a competent, knowledgeable and capable pharmacist. They do provide many workshops and training such as Problem based learning (PBL) and Pharmacy Skills Development (PSD) to sharpen our knowledges and skills. Most importantly, they do provide Objective Structured Clinical Examination (OSCE) to strengthen our communication skills, interpersonal, professional judgement and skills of resolving. Lastly, early patient contact and clinical training provided by the faculty do widen our understanding about the important contribution of pharmacists in upholding the health of society."

Loh Xi Rong
Bachelor of Pharmacy (Hons)

"Faculty and the staffs work daily to maintain the standard of excellence that help to position the Bachelor of Pharmacy programme among the top programme in the university. Individually and collectively, they play key roles in guiding the students into well-prepared and professional equipped pharmacists that are able to meet the needs of diverse public."

Teo Chung Yee
Bachelor of Pharmacy (Hons)

"The lecturers are outstanding and demonstrate a wide array of experience as practising pharmacists. I learnt why and how we use medicine to treat specific conditions and this knowledge has really broadened my understanding about the importance of pharmacy in the health care industry."
