PAY NOTHING UNTIL YOU'VE BECOME A PROFESSIONAL

Doctor • Dentist • Pharmacist • Optometrist • Nurse
Quantity Surveyor • Engineer • Architect • Teacher • Accountant

Only for B40 Families

YOU TOO CAN BECOME A **PROFESSIONAL**

BE THE FIRST PROFESSIONAL IN YOUR FAMILY

Being the first doctor, engineer, or lawyer in your family is life-changing.

You too can become the doctor, engineer, or lawyer, that wanted to be as you are highly resilient, resourceful and driven. When you become successful, you can change the life, direction and fate of your family for generations to come - now you too, can do so, without worrying about your financial difficulties.

FIRST IN MALAYSIA:

PAY NOTHING UNTIL YOU GRADUATE

It is expensive to be a professional; the fact is, not everyone can afford the education. Especially families who come from humble backgrounds. But you should never have to choose between making ends meet and pursuing something that will change you and your family's life.

This innovative and first-ever programme in Malaysia, will equip you with a once in a lifetime opportunity to pursue your dreams. The SEGi PTPTN^xtra Initiative will provide additional study loans to fund your studies. Our 1% interest education loan includes tuition fee coverage and accommodation fund - giving you and your family peace of mind while you pursue your dreams.

PTPTN x'tra

PROGRAMMES AVAILABLE

BACHELOR OF MEDICINE, BACHELOR OF SURGERY (M.B.,B.S.)

(R2/721/6/0064)(03/27)(MQA/FA7700)

There are two phases in this curriculum; the Medical Sciences Phase (Phase 1), the first two years of study, and the Clinical Phase (Phase 2) carried out in three subsequent years of study.

Throughout your 5 years of study, subjects on soft skills development are also incorporated, such as communication skills, behavioural science, team building, critical thinking, problem-solving, leadership, and management.

The SEGi MBBS programme is recognised by Medical Councils and regulatory bodies in Thailand, Pakistan, Maldives and Qatar.

 **SEGi University**

BACHELOR OF DENTAL SURGERY

(R2/724/6/0003)(08/28)(MQA/FA1050)

Dentistry is a highly respected professional career which demands high standards of care and skills, as well as an aptitude for dealing with people.

This BDS is a five-year program that aims to produce competent, caring, and knowledgeable dental practitioners. You are exposed to early patient contact and clinical training, emphasising the recognition and prevention of oral diseases.

 **SEGi University**

BACHELOR OF PHARMACY (HONS)

(R2/727/6/0014)(02/29)(MQA/FA0325)

This programme focuses on developing practising pharmacists who can make a real difference to patients' well-being while having a rewarding career.

The knowledge of drugs will progress from the study of how drugs are made and analysed for purity to how they are formulated into dosage forms acceptable to patients; and their use in the prevention and treatment of diseases. This programme also integrates scientific knowledge while attaining practical, clinical and professional skills to equip you to be competent healthcare professionals of the future.

 **SEGi University**

BACHELOR OF OPTOMETRY (HONS)

(R2/726/6/0063)(11/27)(MQA/A11255)

Our forte has always been in the highly experienced line-up of academic and clinical staff teaching on the programme. The availability of excellent laboratories and clinical facilities adds to the strength of the optometry programme at SEGi.

This programme also draws on the expertise of adjunct lecturers comprising Biomedical Scientists, Medical Practitioners, Ophthalmic Surgeons, and Private Practice Optometrists.

 **SEGi University**

BACHELOR OF CHEMICAL ENGINEERING WITH HONOURS

(R2/524/6/0011)(06/29)(MQA/FA1275)

Chemical engineering works principally in the chemical industry to convert basic raw materials into various products and deals with the design and operation of chemical plants and Equipment.

Once you have completed the study, you will be awarded a B.Eng certificate from SEGi and an M.Eng certificate from University of Central Lancashire.

 **SEGi University**

BACHELOR OF CIVIL ENGINEERING WITH HONOURS

(R2/526/6/0070)(06/26)(MQA/FA9354)

The expertise in planning, design, construction and maintenance of civil engineering projects are highly demanded of civil engineers. This sets us to design intensive civil engineering classes and shape you into highly skilled professionals with technical, managerial, organisational, financial, communication, research and critical analysis skills.

Once you have completed the study, you will be awarded a B.Eng certificate from SEGi and an M.Eng certificate from University of Central Lancashire.

 **SEGi University**

BACHELOR OF SCIENCE (HONS) QUANTITY SURVEYING

(R/526/6/0028)(03/23)(MQA/PA1239)

The Quantity Surveying programme at SEGi University is fully accredited by the Board of Quantity Surveyors Malaysia (BQSM), Royal Institution of Chartered Surveyors (RICS) and Pacific Association of Quantity Surveyors (PAQS). With local and international recognition, you can pursue the Chartered Quantity Surveyor (professional title) globally.

Once you have completed the study, you will be awarded a B.Eng certificate from SEGi and an M.Eng certificate from University of Central Lancashire.

 **SEGi University**

BACHELOR OF SCIENCE (HONS) ARCHITECTURE

(N/581/6/0092)(05/23)(MQA/PA8425)

An all-inclusive 3-year programme that equips you with the proper knowledge to explore your creative side. The Architecture programme at SEGi University provides you with new materials, technologies and techniques to prepare yourself as a knowledgeable architect. Through the curriculum, you will also find exciting avenues to explore how spaces can be reformed or re-imagined for new forms of in-habitation.

Once you have completed the study, you will be awarded a B.Eng certificate from SEGi and an M.Eng certificate from University of Central Lancashire.

 **SEGi University**

BACHELOR OF ELECTRICAL AND ELECTRONICS ENGINEERING WITH HONOURS

(R2/726/6/0063)(11/27)(MQA/A11255)

The Electrical and Electronics Engineering programme at SEGi University allows you to focus on one of the following majors during their Final Year of study:

Electrical Engineering

Concerned mainly with designing, installation, manufacturing and control of electrical energy. In the final year, you will undertake an integrated design project in Year 3 before embarking on an extensive design project of your choosing. You will also be given options to select elective courses in Year 4 to specialise in your area of interest.

Electronics Engineering

Concerned primarily with solid-state devices and integrated circuits to design systems that contribute to fields of communication, electronics, computers, VLSI, signal processing and other related areas. Once you have completed the study, you will be awarded a B.Eng certificate from SEGi and an M.Eng certificate from University of Central Lancashire.

 **SEGi University**

BACHELOR OF MECHANICAL ENGINEERING WITH HONOURS

(R2/521/6/0146)(10/27)(MQA/FA12419)

The Mechanical Engineering programme at SEGi University is a broad industrial-driven degree programme, which equips you with the fundamentals of engineering and the technical skills required. This programme is designed to produce graduates who can address both technological and societal challenges in mechanical engineering.

Once you have completed the study, you will be awarded a B.Eng certificate from SEGi and an M.Eng certificate from University of Central Lancashire.

 **SEGi University**

BACHELOR OF ACCOUNTING AND FINANCE (HONOURS)

KD (R2/343/6/0222)(08/29)(MQA/FA0808)

We've designed this programme for anyone who is interested to pursue a career in the accounting and finance sector and become qualified accountants. Also, as a graduate of this programme, you will earn your degree from both SEGi and Uclan.

Trained professional management and business graduates are in increasing demand. Thus, accountants must grasp the knowledge of operating of a business in order to add value to the organisation. A strong commercial awareness while being able to manage and use financial system is an advantage. If you wish to acquire a wide-ranging finance and business qualification, this degree prepares you for these challenges.

 **SEGi University**

BACHELOR OF EDUCATION (HONS)

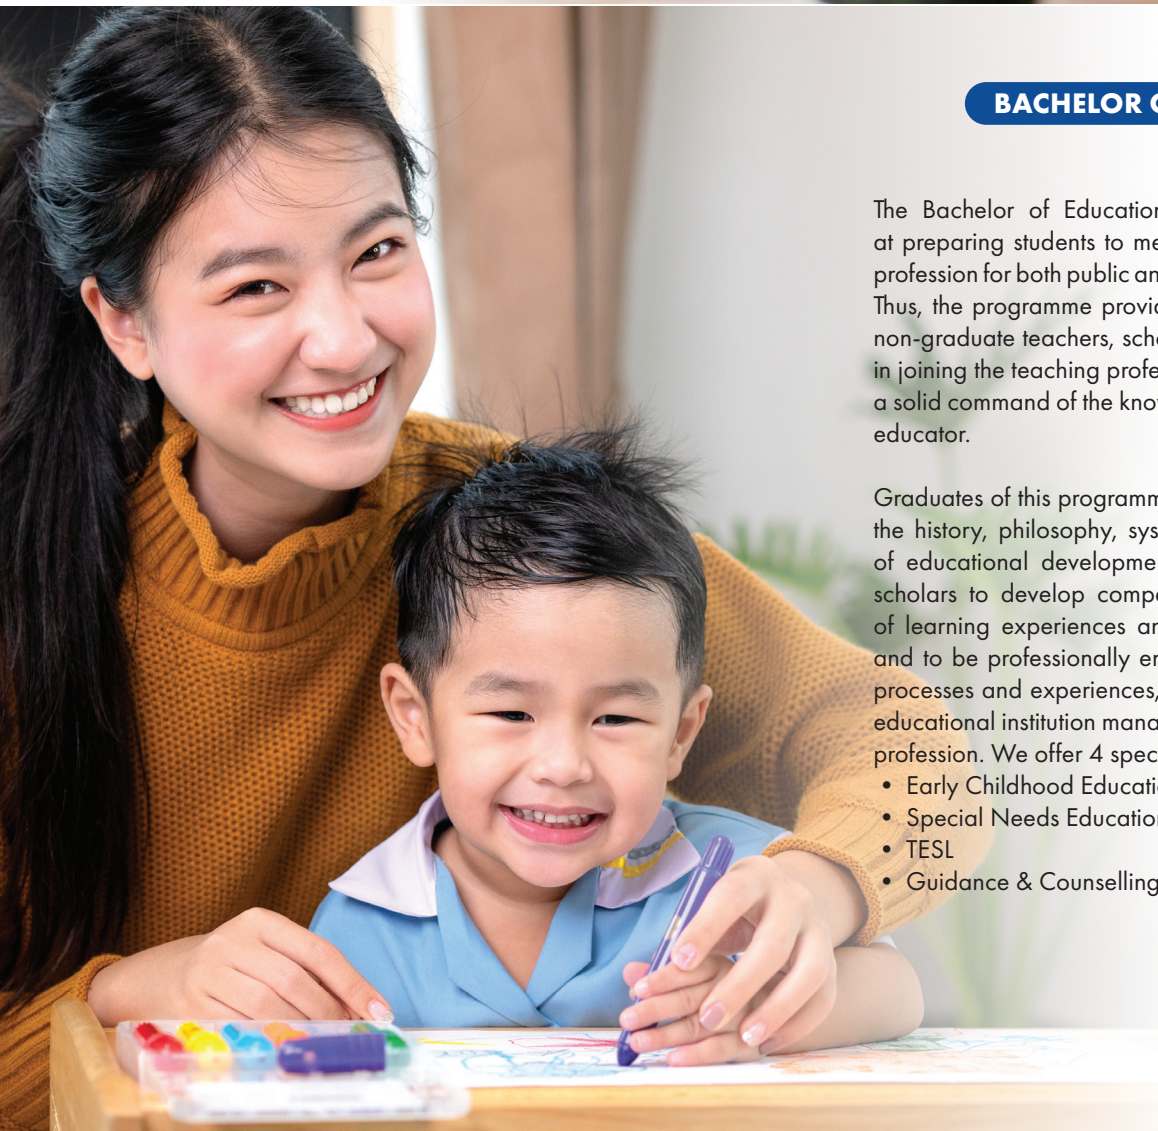

KD (R2/141/6/0059)(07/28)(MQA/FA0044)

The Bachelor of Education (Hons) programme is aimed at preparing students to meet the demands in the teaching profession for both public and private educational institutions. Thus, the programme provides an excellent opportunity for non-graduate teachers, school-leavers, and those interested in joining the teaching profession to be better equipped with a solid command of the knowledge and skills required for an educator.

Graduates of this programme will have an understanding of the history, philosophy, systems, practices, and challenges of educational development. The programme will enable scholars to develop competency in identifying the nature of learning experiences and problems faced by students, and to be professionally engaged in the teaching-learning processes and experiences, curriculum planning, aspects of educational institution management, and development of the profession. We offer 4 specialisations:

- Early Childhood Education
- Special Needs Education
- TESL
- Guidance & Counselling

 **SEGi University**

DIPLOMA IN EARLY CHILDHOOD EDUCATION

SJ (R2/143/4/0092) (10/25) (A6412) • KL (R2/143/4/0013) (06/28) (FA0729)
PG (R2/143/4/0105) (12/26) (A7403) • SWK (R3/143/4/0043) (12/26) (A7365)

The Diploma programme is aimed at preparing learners to meet the demands and challenges of the teaching profession at childcare centres and pre-schools for both public and private sectors. It is structured to enable graduates to acquire competencies in identifying the teaching and learning approaches for young children, and to be reflectively and professionally engaged in teaching-learning processes and experiences, curriculum planning, and aspects of management.

Adult learners study via blended learning approach specially customised to your needs. Study at your own pace and from anywhere, anytime, maintaining your work-life balance. Obtain a full SEGi University qualification similar to those who study full time. You will also get to meet and network with your peers to share experience and establish contacts.

 **SEGi University & Colleges**

DIPLOMA IN NURSING

(R2/723/4/0007) (06/27) (FA5279)

The Diploma in Nursing is designed to prepare you to be a registered nurse. This programme focuses on the 'care' aspects of nursing and the 'science' of health care. You will undergo a complete learning experience involving classroom work, activities at simulation wards, practical room, skills lab, and Human Patient Simulator lab, as well as earn real-life experience during attachments with partner hospitals and community health clinics.

This programme is approved by the Ministry of Education and Malaysian Qualifications Agency. It is also accredited by the Ministry of Health and Malaysian Nursing Board. Once you have passed the final examinations can register with the Malaysian Nursing Board.
